Allows bride and groom to enjoy festivities and enjoy quality time with their families while last minute details are attended to. You will go over any outstanding planning concerns with a consultant and tie up your loose ends, usually starting about 8 weeks before the wedding. We will confirm with all vendors, create an event itinerary and carefully oversee the details at the rehearsal and the wedding. We may also provide additional services, such as setup or teardown, depending on your needs. All of the details have already been planned and scheduled. We will orchestrate the day.

"Where do you want me to put these linens?" "Is this the table for the gifts?" "Where do you want the cake table?" -- these are just a few questions that will invariably be asked on wedding day.
